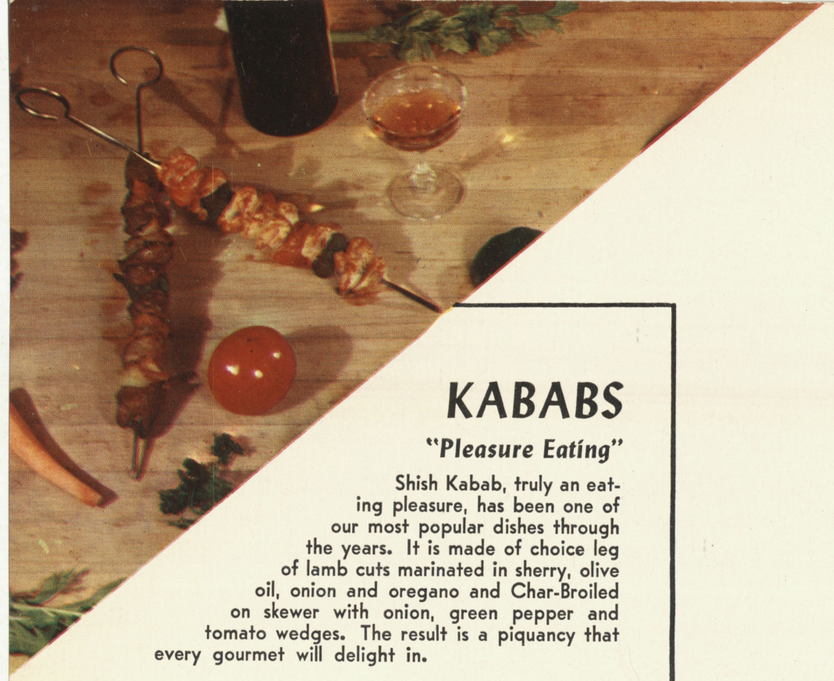
PLEASURE EATING



KABABS

"Pleasure Eating"

Shish Kabab, truly an eating pleasure, has been one of our most popular dishes through the years. It is made of choice leg of lamb cuts marinated in sherry, olive oil, onion and oregano and Char-Broiled on skewer with onion, green pepper and tomato wedges. The result is a piquancy that every gourmet will delight in.

History of Michael's

Except that He's been accused of having them in his bonnet, Mike Matsos has very little in common with bees. He does however harbor this philosophy about mother nature's hard-working little hive inhabitants:

"It's been said," Prince Mike says, "that a bee dies when it stings you. Now isn't it just too bad that the bee can't be crossed with the restaurateur who serves unpalatable meals. With a million or more restaurants and eating joints spread out all over this country of ours, wouldn't it be great if the food of the majority of them were half as pure as the product of the bee?"

This is Mike's way of letting you know that he is proud of the pure hard-down goodness of the food served at MICHAEL'S Holiday Inn, Bessemer; MICHAEL'S Holiday Inn, Huntsville; and the new MICHAEL'S, 5th Avenue and 20th Street, South, Birmingham.

BEE-SEEING YOU OFTEN, WE HOPE.
